#### University of the West of Scotland

#### **Module Descriptor**

#### Session:

Title of Module: Content Media Management								
Code: BUSN10076	SCQF Level: 10 (Scottish Credit and Qualifications Framework)	Credit Points: 20	ECTS: (European Credit Transfer Scheme)					
School:	School of Business and Creative Industries							
Module Co-ordinator:	Sabrina Azzi							

### **Summary of Module**

In this module students will explore, practice and critically interrogate how entrepreneurs, business and enterprise are challenged and changed by digital, social and transformational technologies. Students will critique how the current technocultural phenomenon and age of acceleration represents a paradigm shift for businesses and entrepreneurs.

The module explores how physical business and entrepreneurship are digitally disrupted and transformed by new technological trends which see the world of physical business and enterprise, challenged by and embrace social commerce. Students will be introduced to and learn how new digital, social and technological skill sets are required to engage with global markets that are, increasingly, integrating physical business and enterprise with digital and social media and innovations in virtual, augmented and mixed realities.

Mirroring the technological focus of the module, student learning will integrate digital and social technologies with dynamic face-to-face practice that will embed learning. Assessments will centre around the integration of future technology for new business/product development and the techniques entrepreneurs will use to penetrate disrupted markets.

Module Delivery Method								
Face-To- Face	Blended	Fully Online	HybridC	Hybrid 0	Work-Based Learning			
See Guidance Note for details.								

### Campus(es) for Module Delivery

The module will <b>normally</b> be offered on the following campuses / or by Distance/Online Learning: (Provided viable student numbers permit) (tick as appropriate)									
Paisley:	Ayr:	Dumfries:	Lanarkshire: London: Distance/Onl Learning:		Distance/Onlin Learning:	e Other:

# **Learning and Teaching**

In line with current learning and teaching principles, a 20-credit module includes 200 learning hours, normally including a minimum of 36 contact hours and maximum of 48 contact hours.

Learning Activities  During completion of this module, the learning activities undertaken to achieve the module learning outcomes are stated below:	Student Learning Hours (Normally totalling 200 hours): (Note: Learning hours include both contact hours and hours spent on other learning activities)
Lecture/Core Content Delivery	24
Laboratory/Practical Demonstration/Workshop	12
Asynchronous Class Activity	48
Independent Study	116
Choose an item.	
	Hours Total 200

### \*\*Indicative Resources: (eg. Core text, journals, internet access)

The following materials form essential underpinning for the module content and ultimately for the learning outcomes:

Castells, M. (2011). The rise of the network society: The information age: Economy, society, and culture (Vol. 1). John Wiley & Sons.

Solis, B. (2013) 'WTF?: What's the Future of Business?: Changing the Way Businesses Create Experiences'. John Wiley & Sons.

Van Dijck, J., 2013. Cultures of connectivity. Oxford University Press.

Vaynerchuk, G. (2013). Jab, Jab, Jab, Right Hook. Harper Collins.

.Click or tap here to enter text.

Click or tap here to enter text.
Please ensure the list is kept short and current. Essential resources should be included, broader resources should be kept for module handbooks / Aula VLE.
Resources should be listed in Right Harvard referencing style or agreed professional body deviation and in alphabetical order.
(**N.B. Although reading lists should include current publications, students are advised (particularly for material marked with an asterisk*) to wait until the start of session for confirmation of the most up-to-date material)
Attendance and Engagement Requirements
In line with the <u>Student Attendance and Engagement Procedure</u> : Students are academically engaged if they are regularly attending and participating in timetabled on-campus and online teaching sessions, asynchronous online learning activities, course-related learning resources, and complete assessments and submit these on time.
For the purposes of this module, academic engagement equates to the following:
Engagement with cloud-based, virtual to mixed reality content and co-creative participation with virtual and live sessions.
Equality and Diversity
The University's Equality, Diversity and Human Rights Procedure can be accessed at the following link: <a href="https://doi.org/10.1007/journal.org/">UWS Equality, Diversity and Human Rights Code.</a>
Please ensure any specific requirements are detailed in this section. Module Coordinators should consider the accessibility of their module for groups with protected characteristics
(N.B. Every effort will be made by the University to accommodate any equality and diversity issues brought to the attention of the School)

#### Assessment: (also refer to Assessment Outcomes Grids below)

This section should make transparent what assessment categories form part of this module (stating what % contributes to the final mark).

Maximum of 3 main assessment categories can be identified (which may comprise smaller elements of assessment).

NB: The 30% aggregate regulation (Reg. 3.9) (40% for PG) for each main category must be taken into account. When using PSMD, if all assessments are recorded in the one box, only one assessment grid will show and the 30% (40% at PG) aggregate regulation will not stand. For the aggregate regulation to stand, each component of assessment must be captured in a separate box. Please provide brief information about the overall approach to assessment that is taken within the module. In order to be flexible with assessment delivery, be brief, but do state assessment type (e.g. written assignment rather than "essay" / presentation, etc.) and keep the detail for the module handbook. Click or tap here to enter text.

Assessment 1 – Critically analyse a live enterprise/business and how digital, social and transformational technologies can disrupt innovation (30%)

Assessment 2 – Critically pitch, in performative entrepreneurial style, a future enterprise innovation that reflects the transformational shifts of social commerce (70%)

#### Assessment 3 - Free Text

- (N.B. (i) **Assessment Outcomes Grids** for the module (one for each component) can be found below which clearly demonstrate how the learning outcomes of the module will be assessed.
- (ii) An **indicative schedule** listing approximate times within the academic calendar when assessment is likely to feature will be provided within the Student Module Handbook.)

## **Assessment Outcome Grids (See Guidance Note)**
