Title of Module: Insights and Trends			
Code: LNDN10005	SCQF Level: 10 (Scottish Credit and Qualifications Framework)	Credit Points:	ECTS: 20 (European Credit Transfer Scheme)
School:	School of Business & Creative Industries.		
Module Co-ordinator:	Dr Sultanul Chowdhury		

Summary of Module

The module builds on learning undertaken in levels seven, eight and nine and seeks to enable the student to build towards an advanced level of critical insights and contemplation necessary in today's unpredictable and complex marketing environment. Understanding fast paced market trends and consumers should be the central focus of any marketing oriented business. It is essential to successful marketing strategy that this understanding is in context of current and future market and competitive dynamics. This module, therefore, aims to build on the understanding of consumer behaviour and core marketing research techniques covered in the level eight and nine. Researchers and marketing executives are now expected to contribute more fully to decision making and analysis and to being the voice of the consumer/market trends within their respective organisations.

The module synthesises cutting edge discussion of modern marketing concepts with the honing of research, problem solving and analytical skills. Upon successful completion of the module students will be able to understand and apply strategies that outlines the critical role of customer insight and provides techniques and strategies that will help marketers identify trends, nurture leads and understand consumers - ultimately, empowering them to grow profits.

Assessment: (also refer to Assessment Outcomes Grids below)
This section should make transparent what assessment categories form part of this module (stating what % contributes to the final mark). Maximum of 3 main assessment categories can be identified (which may comprise smaller elements of assessment). NB: The 30% aggregate regulation (Reg. 3.9) (40% for PG) for each main category must be taken into account. When using PSMD, if all assessments are recorded in the one box, only one assessment grid will show and the 30% (40% at PG) aggregate regulation will not stand. For the aggregate regulation to stand, each component of assessment must be captured in a separate box. Please provide brief information about the overall approach to assessment that is taken within the module. In order to be flexible with assessment delivery, be brief, but do state assessment type (e.g. written assignment rather than “essay” / presentation, etc) and keep the detail for the module handbook. Click or tap here to enter text.
Assessment 1 – Portfolio of written work – 60%
Assessment 2 – Written Assignment – 40%
(N.B. (i) Assessment Outcomes Grids for the module (one for each component) can be found below which clearly demonstrate how the learning outcomes of the module will be assessed. (ii) An indicative schedule listing approximate times within the academic calendar when assessment is likely to feature will be provided within the Student Module Handbook.)
