Module Descriptor

Session: 2024/25

Title of Module: Organisational Strategy			
Code: LNDN10007	SCQF Level: 10 (Scottish Credit and Qualifications Framework)	Credit Points: 20	ECTS: 10 (European Credit Transfer Scheme)
School:	School of Business & Creative Industries		
Module Co-ordinator:	TBC		
Summary of Module			
<p>The purpose of this module is to develop student's ability to understand and evaluate the relationship between strategic analysis, strategic choice and business performance in an international context. Students explore how external and internal factors influence strategic decisions, and evaluate how strategic choices contribute to an organisation's performance in an increasingly international and hypercompetitive environment. Students will become aware of the trends and developments in the international economy that shape the business environment and thus the development of international strategies and operations. The module will enable students to analyse the business environment and suggest how organisations might manage the internationalisation process. This includes structure, processes, systems and culture needed to be successful. Students will develop knowledge of the strategic options open to organisations and this will include strategic alliances, mergers and acquisitions. Students will be expected to be able to assess country attractiveness and evaluate options for international expansion, including market entry strategies.</p>

Assessment: (also refer to Assessment Outcomes Grids below)

This section should make transparent what assessment categories form part of this module (stating what % contributes to the final mark).

Maximum of 3 main assessment categories can be identified (which may comprise smaller elements of assessment).

NB: The 30% aggregate regulation (Reg. 3.9) (40% for PG) for each main category must be taken into account. When using PSMD, if all assessments are recorded in the one box, only one assessment grid will show and the 30% (40% at PG) aggregate regulation will not stand. For the aggregate regulation to stand, each component of assessment must be captured in a separate box.

Please provide brief information about the overall approach to assessment that is taken within the module. In order to be flexible with assessment delivery, be brief, but do state assessment type (e.g. written assignment rather than “essay” / presentation, etc) and keep the detail for the module handbook. [Click or tap here to enter text.](#)

Assessment 1 Group Presentation (50%)

Assessment 2 Essay (50%)

Assessment 3 – Free Text

(N.B. (i) **Assessment Outcomes Grids** for the module (one for each component) can be found below which clearly demonstrate how the learning outcomes of the module will be assessed.
(ii) An **indicative schedule** listing approximate times within the academic calendar when assessment is likely to feature will be provided within the Student Module Handbook.)
