Summary of Module

This fast-paced module seeks to introduce the major themes in Christian theology and ethics. Divided into two foci, the class looks at the nature and being of God and investigates how understanding who God is helps us to consider how humans, should live in the created world. Through class discussion, reading and analysis of theological texts, and interaction with real life scenarios, this class helps students begin to build their own theological and ethical framework.

Major theological themes covered include, the doctrine of the Trinity, Christology, Creation, Atonement, Sin and Evil, and the major ethical theories include Utilitarianism, Deontology, and Virtue / Narrative ethics.

Attendance and Engagement Requirements

In line with the <u>Student Attendance and Engagement Procedure</u>: Students are academically engaged if they are regularly attending and participating in timetabled on-campus and online teaching sessions, asynchronous online learning activities, course-related learning resources, and complete assessments and submit these on time.

Equality and Diversity

The University's Equality, Diversity and Human Rights Procedure can be accessed at the following link: <u>UWS Equality, Diversity and Human Rights Code.</u>

As a Christian theological college, students should be aware that teaching, discussion and the college's ethos is from a confessional viewpoint. The college actively encourages an environment of openness and religious tolerance, but the main function of the college is the training of ministerial candidates and the learning environment will be supportive of this.

Where students need additional support, this is provided by the college team with reference if appropriate to other UWS colleagues, they are referred to Student Support Services for further assistance. In consultation with the student, the needs of individual students are met, wherever practicable, and every effort made to ensure individual students are not disadvantaged.

(N.B. Every effort will be made by the University to accommodate any equality and diversity issues brought to the attention of the School)

Assessment: (also refer to Assessment Outcomes Grids below)

This section should make transparent what assessment categories form part of this module (stating what % contributes to the final mark).

Maximum of 3 main assessment categories can be identified (which may comprise smaller elements of assessment).

NB: The 30% aggregate regulation (Reg. 3.9) (40% for PG) for each main category must be taken into account. When using PSMD, if all assessments are recorded in the one box, only one assessment grid will show and the 30% (40% at PG) aggregate regulation will not stand. For the aggregate regulation to stand, each component of assessment must be captured in a separate box. Please provide brief information about the overall approach to assessment that is taken within the module. In order to be flexible with assessment delivery, be brief, but do state assessment type (e.g. written assignment rather than "essay" / presentation, etc) and keep the detail for the module handbook. Click or tap here to enter text.

Assessment 1: Essay 30%

Assessment 2: Essay 70%

(N.B. (i) **Assessment Outcomes Grids** for the module (one for each component) can be found below which clearly demonstrate how the learning outcomes of the module will be assessed.

(ii) An **indicative schedule** listing approximate times within the academic calendar when assessment is likely to feature will be provided within the Student Module Handbook.)
