

University of the West of Scotland

Module Descriptor

Session: 2023/24

Title of Module: Managing Holistic Care			
Code: NURS11155	SCQF Level: 11 (Scottish Credit and Qualifications Framework)	Credit Points: 30	ECTS: 15 (European Credit Transfer Scheme)
School:	School of Health and Life Sciences		
Module Co-ordinator:	Claire Wylie		
Summary of Module			
<p>This module will provide the student with the opportunity to care for people with a range of healthcare needs in order to promote positive outcomes for individuals. It will allow further development of critical decision-making skills within a multidisciplinary care team.</p> <p>The practice element will allow the student to demonstrate an increasing degree of independence. The student will be supported to take the lead in relation to assessing, planning, implementing and evaluating safe and effective person-centred care, taking cognisance of professional and legislative requirements within health care delivery.</p> <p>This module has a practice element and takes account of the Nursing and Midwifery Council's statement on reasonable adjustments (NMC 2019) (https://www.nmc.org.uk/globalassets/sitedocuments/eandd/reasonable-adjustments-policy.pdf). In particular section 23:</p> <p>"The (Equality) Act 2010 makes it clear that it is not discriminatory to apply competence standards (which include our Code, our revalidation and our education standards) to a disabled person. As a professional regulator responsible for protecting the public, it would not be right for us to adjust these standards. However, we can make reasonable adjustments to assist nurses, midwives and nursing associates in meeting our standards".</p> <p>Students will have opportunity in placement experience to apply knowledge and understanding of mechanisms of drug interactions and adverse drug reactions to medicines optimisation, medicines administered and clinical practice (BiNE, LO9, 10 & 11)</p> <ul style="list-style-type: none">• Within this module students will study effective leadership, clinical supervision and decision-making, critical thinking, reflection and multidisciplinary working• Students will also be able to promote self-resilience and self-management for themselves and in the delivery of person centred care and will develop knowledge and application of health promotion and quality improvement strategies.			

- In addition to mandatory skills, students will develop the knowledge and skills of end of life care, symptom assessment and management.
- Students will maintain an ePortfolio (TURAS) to reflect the application of theory to practice.
- This is a six week theory module with a 12 week practice placement experience which includes a four week wider experience.
- Academic support and development will be offered as part of the Tutorial/Synchronous Support activity and Personal Development Planning.
- Programme threads of Learning Disability, Dementia, Law and Safeguarding, Digital Health Technology, Palliative and End of Life Care and Trauma will inform the module content.

Module Delivery Method

Face-To-Face	Blended	Fully Online	HybridC	Hybrid 0	Work-Based Learning
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

See Guidance Note for details.

Campus(es) for Module Delivery

The module will **normally** be offered on the following campuses / or by Distance/Online Learning: (Provided viable student numbers permit) (tick as appropriate)

Paisley:	Ayr:	Dumfries:	Lanarkshire:	London:	Distance/Online Learning:	Other:
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Add name

Term(s) for Module Delivery

(Provided viable student numbers permit).

Term 1	<input checked="" type="checkbox"/>	Term 2	<input type="checkbox"/>	Term 3	<input type="checkbox"/>
--------	-------------------------------------	--------	--------------------------	--------	--------------------------

Learning Outcomes: (maximum of 5 statements)

These should take cognisance of the SCQF level descriptors and be at the appropriate level for the module.

At the end of this module the student will be able to:

L1	Critically apply life science knowledge to the pathophysiology and symptomology of common conditions.
L2	Critically appraise the evidence base for the principles and practice of adult nursing, including the epidemiology and aetiology of the major conditions affecting individuals

L3	Analyse, evaluate and synthesise evidence-based nursing care related to the major conditions and complex needs of people to optimise positive outcomes
L4	Demonstrate critical understanding and decision-making skills for safe and effective management of the complex care of adults.
L5	Demonstrate evidence of achievement of the required standards of proficiency associated with your professional discipline.
Employability Skills and Personal Development Planning (PDP) Skills	
SCQF Headings	During completion of this module, there will be an opportunity to achieve core skills in:
Knowledge and Understanding (K and U)	<p>SCQF Level 11</p> <p>Knowledge of the pathology and symptomatology of common health problems including the epidemiology and aetiology of the major conditions affecting individuals.</p> <p>Knowledge of the relevant professional, ethical and legal issues which influence adult health care.</p> <p>Knowledge of assessment and care management of common health problems. Ongoing achievement with the research process.</p>
Practice: Applied Knowledge and Understanding	<p>SCQF Level 11</p> <p>Communicating effectively with inter-professional and inter-agency disciplines. Ensuring patient safety and clinical governance procedures are followed.</p> <p>Identifying and applying evidence based practice to the provision of nursing care. Utilising literature search strategies and appraisal skills to critically evaluate the evidence base of the student's chosen topic/issue, including the implications of the findings for practice.</p> <p>Critically reflecting and evaluating the principles of professional practice required to achieve the NMC Standards of Proficiency for Registered Nurses (NMC, 2018.)</p>
Generic Cognitive skills	<p>SCQF Level 11</p> <p>Demonstrating knowledge and understanding of the scope of professional and multi-disciplinary values and practice.</p> <p>Reflecting and evaluating own responses to differing problems and issues with an increasing and varying level of complexity.</p> <p>Demonstrating the ability to make safe informed, care management decisions.</p>

<p>Communication, ICT and Numeracy Skills</p>	<p>SCQF Level 11</p> <p>Effective communication, numeracy and IT skills that support safe and effective nursing practice. This may include developing and evaluating the use of</p> <ul style="list-style-type: none"> - Care plans - Nursing notes - Integrated care pathways - Multi-disciplinary team meetings - Drug administration - Relevant risk assessment tools <p>Progressively demonstrating increased proficiency in relation to numeracy including, databases, rating scales and the ability to present logical and coherent information using graphs.</p>	
<p>Autonomy, Accountability and Working with others</p>	<p>SCQF Level 11</p> <p>Appraising the complexities of partnership working with users, carers and other agencies.</p> <p>Utilising initiative in response to the needs of people with health care needs within accepted professional boundaries and personal and professional practice limitations.</p> <p>Accountability for personal and professional maintenance and development.</p> <p>Critically evaluating and justifying the clinical decisions made in the delivery of care within a variety of contemporary health care environments.</p> <p>Exercising knowledge and skills in effective delegation and the supervision of others within acceptable practice boundaries and contributing to team reflection and supervision activities to promote improvement in nursing practice.</p> <p>Developing a self-confidence and self-awareness of strengths that celebrate difference and will enhance employability</p>	
<p>Pre-requisites:</p>	<p>Before undertaking this module the student should have undertaken the following:</p>	
	<p>Module Code:</p>	<p>Module Title:</p>
	<p>Other:</p>	
<p>Co-requisites</p>	<p>Module Code:</p>	<p>Module Title:</p>

*Indicates that module descriptor is not published.

Learning and Teaching

<p>The learning and teaching strategies on this module contribute to the development of UWS graduate attributes as outlined in "I am UWS", specifically the completion of the portfolio activities develop skills in critical thinking, self- reflection, collaboration, problem-solving, and communicating effectively. In addition the graduate skills of emotional intelligence, social responsibility, knowledge, autonomy and resilience will also be enhanced. Module hours exceed the norm because of the practice learning element.</p>	
<p>Learning Activities During completion of this module, the learning activities undertaken to achieve the module learning outcomes are stated below:</p>	<p>Student Learning Hours (Normally totalling 200 hours): (Note: Learning hours include both contact hours and hours spent on other learning activities)</p>
Lecture/Core Content Delivery	24
Tutorial/Synchronous Support Activity	18
Laboratory/Practical Demonstration/Workshop	30
Work Based Learning/Placement	480
Personal Development Plan	18
Asynchronous Class Activity	48
Independent Study	162
	780 Hours Total
<p>**Indicative Resources: (eg. Core text, journals, internet access)</p>	
<p>The following materials form essential underpinning for the module content and ultimately for the learning outcomes:</p> <p>Dougherty, L. and Lister, S. (2015) The Royal Marsden Hospital Manual of Clinical Nursing Procedures. 9th Ed. Oxford: Wiley-Blackwell.</p> <p>Elcock, K, Wright, W, Newcombe, P, Everett, F (2019) Essentials of Nursing Adults. SAGE, London [Core text] Nicol, J. and Hollowood, L. (2019) Nursing Adults with Long-term Conditions. 3rd Ed. SAGE, London.</p> <p>Page, K. and McKinney, A (2012) Nursing the Acutely Ill Adult: Case Book. London: Open University Press. Pears, R. and Shields, G. (2019) Cite them right: the essential referencing guide. 11th Ed. London: RED GLOBAL PRESS.</p> <p>Peate, I. (2019) Alexander's Nursing Practice. 5th Ed. London: Elsevier</p>	
<p>(**N.B. Although reading lists should include current publications, students are advised (particularly for material marked with an asterisk*) to wait until the start of session for confirmation of the most up-to-date material)</p>	

Attendance and Engagement Requirements

In line with the [Student Attendance and Engagement Procedure](#): Students are academically engaged if they are regularly attending and participating in timetabled on-campus and online teaching sessions, asynchronous online learning activities, course-related learning resources, and complete assessments and submit these on time.

Where a module has Professional, Statutory or Regulatory Body requirements these will be listed here:

100% attendance in Practice Placement areas is required by the end of the programme to meet NMC requirements. In this module students may be assessed if at least 70% of the practice learning experience is met.

Equality and Diversity

The University's Equality, Diversity and Human Rights Procedure can be accessed at the following link: [UWS Equality, Diversity and Human Rights Code](#).

This module is appropriate for all students. To promote inclusive practice, procedures and processes have been subject to Equality Impact Assessment where appropriate. In line with the Equality Act 2010 and UWS Refreshed Equality Outcomes 2021 - 2025 Public Sector Equality Duty Mainstreaming and Equality Outcomes Report 2021 (uws.ac.uk) (pp. 37 - 39)

The School of Health and Life Sciences encourages the disclosure of support requirements, including disability, at the recruitment stage and throughout the duration of the module. Emphasis is placed on confidentiality of information, the benefits of disclosure and that no detriment to progress will be experienced. The School will endeavour to make reasonable adjustments to teaching and learning approaches and arrangements for assessment, and (when applicable) periods of placement, where a student has disclosed specific requirements

(N.B. Every effort will be made by the University to accommodate any equality and diversity issues brought to the attention of the School)

Supplemental Information

Divisional Programme Board	Adult Nursing and Healthcare
Assessment Results (Pass/Fail)	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>
School Assessment Board	Adult Nursing
Moderator	Vivianne Crispin
External Examiner	J Keeling

Accreditation Details	NMC
Changes/Version Number	1.09

Assessment: (also refer to Assessment Outcomes Grids below)

All assessment components must be passed to achieve an overall pass for this module, NMC (2018) do not permit compensation of assessment across theory and practice learning.

Assessment 1 – This module will be assessed by a oral presentation/exam on the care of an individual with a major health condition. Students will present an overview of a patient they have cared for, followed by questions from the examiner(s) (100% weighting)

Assessment 2 – Successful completion of placement as evidenced by practice assessment documentation (PAD). Submission of completion of practice learning experience is evidenced by uploading of accurately completed final assessment pages from the Scottish Nursing Practice Assessment Document as directed in the module handbook.

(N.B. (i) **Assessment Outcomes Grids** for the module (one for each component) can be found below which clearly demonstrate how the learning outcomes of the module will be assessed.

(ii) An **indicative schedule** listing approximate times within the academic calendar when assessment is likely to feature will be provided within the Student Module Handbook.)

Assessment Outcome Grids (See Guidance Note)

Component 1							
Assessment Type (Footnote B.)	Learning Outcome (1)	Learning Outcome (2)	Learning Outcome (3)	Learning Outcome (4)	Learning Outcome (5)	Weighting (%) of Assessment Element	Timetable Contact Hours
Clinical/ Fieldwork/ Practical skills assessment/ Debate/ Interview/ Viva voce/ Oral	✓	✓	✓			100	0

Component 2							
Assessment Type (Footnote B.)	Learning Outcome (1)	Learning Outcome (2)	Learning Outcome (3)	Learning Outcome (4)	Learning Outcome (5)	Weighting (%) of Assessment Element	Timetable Contact Hours
Performance/Studio Work/ Placement/ WBL/ WRL assessment				✓	✓	0	0
Combined Total for All Components						100%	0 hours
