Summary of Module

This module introduces the concepts underpinning sports coaching and practice. Students undertaking this module will be introduced to the fundamental concepts of effective sport coaching and the coaching process in addition to relevant awards for their field of study. Indicative content/topics covered within this module include: the roles of participation and performance coaches, ethical considerations in coaching, coach behaviour (e.g., instruction, feedback, questioning, demonstration), reflective practice, coach philosophies and an introduction to skill learning. Moreover, students will be supported through gaining experiences designed to develop them as coaches, culminating in the preparation and delivery of an assessed practical coaching session. Students will also be encouraged to develop the skills learned on the module by undertaking National Governing Body of Sport courses, and other vocational training appropriate to their degree pathway. Engagement and completion of such courses will satisfy the requirements for CIMSPA accredication in the Assistant Coach and Child Well-being and Safeguarding dimensions. This module will be predominately delivered on-campus. On-campus sessions will be supported by delivery of asynchronous activities. Appropriate student support will be in place within the module.

This module will assist the student in the development of key 'I am UWS Graduate Attributes' to allow those that complete this module to be:

Universal: Critical Thinker, Emotionally Intelligent, Collaborative, Research-minded

Work Ready: Knowledgeable, Motivated, Effective Communicator, Potential Leader

Successful: Autonomous, Resilient, Creative

Successful completion (including achieving a pass) of the module SPOR07020 Coaching: Theory & Practice 1, has endorsement by CIMSPA (the Chartered Institute for the Management of Sport and Physical Activity) for the professional standards: Safeguarding & Protecting Children and Assistant Coach. N.B., to be endorsed by CIMSPA for Safeguarding & Protecting Children, students must evidence completion of the Sport Scotland Child Wellbeing and Protection in Sport course which is offered on this module. Successful completion (including achieving a pass) of this module SPOR07020 Coaching: Theory & Practice 1 by BSc (Hons) Sport Development* students partially fulfils CIMSPA endorsement for the professional standard: Aspiring Manager (along with several other modules across the duration of studies, including completion of L10, also required to achieve endorsement). *The Aspiring Manager professional standard is only available to BSc (Hons) Sport Development students as it aligns with several modules which are specific to this programme; students on other programmes can obtain CIMSPA professional standards across specific modules. CIMSPA have career advice and further learning resources available for members. From

| September 2025, UWS students can receive free membership of the student category. To use |
|--|
| the professional standard in practice, practitioner membership is required. |

| SCQF Headings | During completion of this module, there will be an opportunity to achieve core skills in: | | |
| Knowledge and | SCQF7 | | |
| Understanding (K and U) | Demonstrate and/or work with: | | |
| una o, | Appreciation of sport coaching theory and delivery in general. | | |
| | The transference of knowledge gained through practical delivery of micro coaching sessions. | | |
| | An awareness of the evolving/changing nature of how this knowledge is affected by the environment in which it takes place and the factors | | |

¹ Where contact hours are synchronous/ live and take place fully on campus. Campus-based learning is focused on providing an interactive learning experience supported by a range of digitally-enabled asynchronous learning opportunities including learning materials, resources, and opportunities provided via the virtual learning environment. On-campus contact hours will be clearly articulated to students.

² The module includes a combination of synchronous/ live on-campus and online learning events. These will be supported by a range of digitally-enabled asynchronous learning opportunities including learning materials, resources, and opportunities provided via the virtual learning environment. On-campus and online contact hours will be clearly articulated to students.

³ Where all learning is solely delivered by web-based or internet-based technologies and the participants can engage in all learning activities through these means. All required contact hours will be clearly articulated to students.

⁴ Learning activities where the main location for the learning experience is in the workplace. All required contact hours, whether online or on campus, will be clearly articulated to students

| | internally and externally that affect the knowledge attainment of the individual. |

Learning and Teaching

In line with current learning and teaching principles, a 20-credit module includes 200 learning hours, normally including a minimum of 36 contact hours and maximum of 48 contact hours.

This module will be delivered using a flexible hybrid learning model which will provide you with a highly engaging, interactive and inclusive online learning experience.

Your learning and teaching activities will be delivered using a range of live timetabled and non-timetabled activities such as online tutorials, pre-recorded lectures, video resources and

face to face practical's (when permitted). During this time students will work collaboratively with peers and UWS professionals.

We will be adopting a Flipped Learning approach whereby we reverse the order of the traditional lecture format. Instead of delivering new information directly to students this information is instead provided in pre-class activities. This may include the review of videos. or academic articles. This then leaves class time for more active and collaborative learning activities such as group discussions.

| Learning Activities During completion of this module, the learning activities undertaken | Student Learning Hours |
|---|--|
| to achieve the module learning outcomes are stated below: | (Note: Learning hours include both contact hours and hours spent on other learning activities) |
| Laboratory / Practical Demonstration / Workshop | 32 |
| Tutorial / Synchronous Support Activity | 7 |
| Practice-based Learning | 10 |
| Asynchronous Class Activity | 15 |
| Independent Study | 236 |
| n/a | |
| TOTAL | 300 |

Indicative Resources

The following materials form essential underpinning for the module content and ultimately for the learning outcomes:

Core:

Lyle, J. and Cushion, C. (2016)? Sport coaching concepts: A framework for coaching practice. London: Routledge.

Nash, C. (ed.) (2015) Practical sports coaching. Abingdon: Routledge.

Recommended:

Kidman, L., & Hanrahan, S. (2011) The coaching process: a practical guide to becoming an effective sports coach. London: Routledge.

Potrac, Gilbert., & Denison. (2013) Routledge handbook of sports coaching. Abingdon: Routledge.

(N.B. Although reading lists should include current publications, students are advised (particularly for material marked with an asterisk*) to wait until the start of session for confirmation of the most up-to-date material)

Attendance and Engagement Requirements

In line with the <u>Student Attendance and Engagement Procedure</u>, Students are academically engaged if they are regularly attending and participating in timetabled oncampus and online teaching sessions, asynchronous online learning activities, course-related learning resources, and complete assessments and submit these on time.

For the purposes of this module, academic engagement equates to the following:

100% Attendance at all module events and consistent weekly engagement with online materials.

Equality and Diversity

The University's Equality, Diversity and Human Rights Procedure can be accessed at the following link: <u>UWS Equality</u>, <u>Diversity and Human Rights Code</u>.

In line with current legislation (Equality Act, 2010) and the UWS Equality, Diversity, and Human Rights Code, our modules are accessible and inclusive, with reasonable adjustment for different needs where appropriate. Module materials comply with University guidance on inclusive learning and teaching, and specialist assistive equipment, support provision and adjustment to assessment practice will be made in accordance with UWS policy and regulations. Where modules require practical learning or assessment, alternative formats and/or roles will be provided for students with physical disabilities which impact participation.

(N.B. Every effort will be made by the University to accommodate any equality and diversity issues brought to the attention of the School)
