Module Descriptor

Title	Sandwich Placement: Life Science		
Session	2024/25	**Status**	
Code	BIOL00001	**SCQF Level**	NA
Credit Points	40	**ECTS (European Credit Transfer Scheme)**	20
School	**Health and Life Sciences**		
Module Co-ordinator	F Menzies		

Summary of Module

Sandwich Placement is designed to help students develop and integrate the generic skills and attributes essential in a professional/industrial workplace with subject/discipline related knowledge and skills. Students will achieve this through gaining experience in a relevant workplace and reflecting on this. At the end of the placement the student's performance will be assessed by the University in terms of the learning outcomes set out below.

Sandwich placements will normally occur between levels, usually after level 8 and/or level 9 campus-based study. In exceptional circumstances, where a placement opportunity has not been available for students after they have completed level 9, it may be possible for them to undertake a sandwich placement following completion of level 10 subject to funding being available. In these circumstances, the student would not graduate until after successful completion of the placement.

The placement will be governed by a tripartite learning agreement between the student, placement provider and the University which defines the learning outcomes and confirms elements of support and commitment from all parties. The agreement will be signed by each party prior to the start of the placement.

Module Delivery Method	On-Campus[1] ☐	Hybrid[2] ☐	Online[3] ☐	Work -Based Learning[4] ☒
Campuses for Module Delivery	☐ Ayr	☒ Lanarkshire	☐ Online / Distance Learning	

[1] Where contact hours are synchronous/ live and take place fully on campus. Campus-based learning is focused on providing an interactive learning experience supported by a range of digitally-enabled asynchronous learning opportunities including learning materials, resources, and opportunities provided via the virtual learning environment. On-campus contact hours will be clearly articulated to students.

[2] The module includes a combination of synchronous/ live on-campus and online learning events. These will be supported by a range of digitally-enabled asynchronous learning opportunities including learning materials, resources, and opportunities provided via the virtual learning environment. On-campus and online contact hours will be clearly articulated to students.

[3] Where all learning is solely delivered by web-based or internet-based technologies and the participants can engage in all learning activities through these means. All required contact hours will be clearly articulated to students.

[4] Learning activities where the main location for the learning experience is in the workplace. All required contact hours, whether online or on campus, will be clearly articulated to students

Employability Skills and Personal Development Planning (PDP) Skills	
SCQF Headings	**During completion of this module, there will be an opportunity to achieve core skills in:**
Knowledge and Understanding (K and U)	**SCQF 9** Demonstrate the use of their knowledge, understanding and skills, in both identifying and analysing problems and issues and formulating, evaluating and applying evidence-based solutions and arguments.
Practice: Applied Knowledge and Understanding	**SCQF 9** • Show familiarity and competence in the use of routine materials, practices and skills and of a few that are more specialised, advanced and complex. • Practise in a range of professional level contexts which include a degree of unpredictability; • Deal with ethical and professional issues in accordance with current professional and/or ethical codes or practices, seeking guidance where appropriate
Generic Cognitive skills	**SCQF 9** • Undertake critical analysis, evaluation and/or synthesis of ideas, concepts information and issues • Identify and analyse routine professional problems and issues • Draw on a range of sources in making judgments
Communication, ICT and Numeracy Skills	**SCQF 9** • Use of a range of IT applications to support and enhance work

	• Interpreting, using and evaluating numerical and graphical data to achieve goals targets
	• Making formal and informal presentations on standard/mainstream topics in the subject/discipline to a range of audiences
	• Well developed skills for the gathering, evaluation, analysis and presentation of information, ideas, concepts and quantitative and/or qualitative data, drawing on a wide range of current sources. This will include the use of ICT as appropriate to the subject(s).
	• Communication of the results of their own and other work accurately and reliably in a range of different contexts using the main specialist concepts, constructs and techniques of the subject(s);
Autonomy, Accountability and Working with Others	**SCQF 9** • Exercising autonomy and initiative in some activities at a professional level • Identifying and addressing their own learning needs including being able to draw on a range of current research, development and • professional materials; • Work under guidance with qualified practitioners • Practice in ways which take account of own and others' roles and responsibilities • Application of their subject and transferable skills to contexts where criteria for decisions and the scope of the task may be well defined but where personal responsibility, initiative and decision-making is also required. • Take some responsibility for the work or others and for a range of resources

Learning and Teaching
In line with current learning and teaching principles, a 20-credit module includes 200 learning hours, normally including a minimum of 36 contact hours and maximum of 48 contact hours.
Sandwich placement is designed for students to gain and reflect on work experience attained during their time in the workplace. As such, Academic credit for sandwich placement is not based on notional student efforts hours. Instead, students are expected to complete at least 36 weeks (180 full working days) in relevant employment and to submit coursework for assessment as described below.

Learning Activities During completion of this module, the learning activities undertaken to achieve the module learning outcomes are stated below:	**Student Learning Hours** (Note: Learning hours include both contact hours and hours spent on other learning activities)

Indicative Resources
The following materials form essential underpinning for the module content and ultimately for the learning outcomes: See Sandwich Placement Handbook issued by School/Programme Team
(N.B. Although reading lists should include current publications, students are advised (particularly for material marked with an asterisk*) to wait until the start of session for confirmation of the most up-to-date material)

Attendance and Engagement Requirements
In line with the Student Attendance and Engagement Procedure, Students are academically engaged if they are regularly attending and participating in timetabled on-campus and online teaching sessions, asynchronous online learning activities, course-related learning resources, and complete assessments and submit these on time. **For the purposes of this module, academic engagement equates to the following:** Attendance at module tutorials and supervisor meetings/tutorials, completion of asynchronous activities, and submission of assessments to meet the learning outcomes of the module. This module requires you to attend the placement provider equivalent to normal working hours for a period of up to 1 academic year

Equality and Diversity
The University's Equality, Diversity and Human Rights Procedure can be accessed at the following link: UWS Equality, Diversity and Human Rights Code. In line with current legislation (Equality Act, 2010) and the UWS Equality, Diversity, and Human Rights Code, our modules are accessible and inclusive, with reasonable adjustment for different needs where appropriate. Module materials comply with University guidance on inclusive learning and teaching, and specialist assistive equipment, support provision and adjustment to assessment practice will be made in accordance with UWS policy and regulations.
(N.B. Every effort will be made by the University to accommodate any equality and diversity issues brought to the attention of the School)

Assessment (also refer to Assessment Outcomes Grids below)
Assessment 1
Assessment will be based on pass/fail only and all assessment elements must be passed for progression as part of the Sandwich programme. Assignments will be open to external examination in accordance with University regulations.

In order to submit for assessment students need to:

• Attend the workplace(s) in which they have been placed for a minimum total of 36 weeks (180 full working days) and have their employer(s) confirm their attendance

• Receive a satisfactory assessment of work performance from their workplace supervisor(s) and academic tutor (based on two interviews and other evidence as required)

• Maintain a PDP portfolio and use this to submit a satisfactory learning log report reflecting on the placement experience

• Successfully complete a subject related project Mitigating circumstances will be taken into consideration in accordance with University regulations.

Reassessment

• Minimum period in work: It is essential that the student completes at least 36 weeks (180 working days) in employment. If the student does not meet this minimum requirement then they cannot pass the placement.

• Catch up: Where through no fault of their own a student has been unable to attain at least 36 weeks placement experience they will be entitled to secure the additional work experience required through a suitable additional period of work experience provided this is agreed in advance with the Programme Team.

• Retake of Placement: a repeat or alternative placement will only be considered on health or other mitigating grounds or where the placement is terminated due to no fault of the student. In such cases the student will receive counselling from the placement tutor on how best to proceed.

• Satisfactory Performance: The first interview will be used to assess the student's progress. If it is considered that the student's performance is less than expected at that stage, the student will be advised of this and of the elements of their performance that need to improve. If the student's performance is assessed as unsatisfactory at the second interview then the student will be given further advice on the steps they need to take to achieve a satisfactory

assessment and will be reassessed through a third interview at the end of their placement period. Interviews will normally be conducted within the workplace unless a suitable alternative method is agreed by all parties.

• Reflective Report from PDP: If the reflective report is unsatisfactory, the student will be given the opportunity to resubmit in line with University regulations

• Subject related report: If the subject related report is unsatisfactory the student will be given the opportunity to resubmit in line with University regulations
