<b>Learning Outcomes</b>	
<b>L1</b>	Analyse concepts of vulnerability within contemporary political, financial, educational, health and social frameworks.
<b>L2</b>	Appraise interdisciplinary and multiagency working with local and national organisations/institutions that support vulnerable women.
<b>L3</b>	Demonstrate knowledge and understanding of the role and responsibilities of the midwife in relation to leadership and decision-making skills required to facilitate holistic care to vulnerable families
<b>L4</b>	
<b>L5</b>	

<b>Employability Skills and Personal Development Planning (PDP) Skills</b>	
<b>SCQF Headings</b>	<b>During completion of this module, there will be an opportunity to achieve core skills in:</b>
<b>Knowledge and Understanding (K and U)</b>	<b>SCQF 9</b> Demonstrate knowledge and understanding of health, social and cultural inequalities, and the effects they have on pregnancy and childbirth outcomes.
<b>Practice: Applied Knowledge and Understanding</b>	<b>SCQF 9</b> Adopting a range of strategies to provide safe, effective and respectful autonomous care for vulnerable women, their babies and their families. Applying knowledge and understanding of research evidence to provide responsive midwifery care in diverse local, national and international

<sup>1</sup> Where contact hours are synchronous/ live and take place fully on campus. Campus-based learning is focused on providing an interactive learning experience supported by a range of digitally-enabled asynchronous learning opportunities including learning materials, resources, and opportunities provided via the virtual learning environment. On-campus contact hours will be clearly articulated to students.

<sup>2</sup> The module includes a combination of synchronous/ live on-campus and online learning events. These will be supported by a range of digitally-enabled asynchronous learning opportunities including learning materials, resources, and opportunities provided via the virtual learning environment. On-campus and online contact hours will be clearly articulated to students.

<sup>3</sup> Where all learning is solely delivered by web-based or internet-based technologies and the participants can engage in all learning activities through these means. All required contact hours will be clearly articulated to students.

<sup>4</sup> Learning activities where the main location for the learning experience is in the workplace. All required contact hours, whether online or on campus, will be clearly articulated to students

	<p>settings that reflect the cultural and linguistic needs of women and their families.</p> <p>Demonstrating clinical decision-making skills and inclusive leadership in a range of midwifery situations when advocating for vulnerable women.</p> <p>Practising with an understanding of UNICEF Breastfeeding Standards to enable mothers to develop a close and loving relationship with their babies.</p>
<b>Generic Cognitive skills</b>	<p><b>SCQF 9</b></p> <p>Appraising evidence-based practice to caring for women with a diverse childbearing society.</p> <p>Developing the skills required for assessing, planning, delivering and evaluating care delivered to vulnerable women and their babies.</p>
<b>Communication, ICT and Numeracy Skills</b>	<p><b>SCQF 9</b></p> <p>Applying a wide range of IT skills to appropriately support and enhance work.</p> <p>Utilising effective communication skills in working within a multi-professional team.</p> <p>Recognising the verbal and non-verbal skills required for effective communication in midwifery practice. Awareness of potential barriers to effective communications and strategies to overcome them.</p> <p>Demonstrating effective communication skills for history taking and risk assessment.</p> <p>Understanding of an adult learning approach to integration of theory and practice.</p> <p>Demonstrating skills in analysis of numerical and graphical information.</p>
<b>Autonomy, Accountability and Working with Others</b>	<p><b>SCQF 9</b></p> <p>Practising collaboratively within the multi-professional team working to provide holistic care to vulnerable families, demonstrating leadership and decision skills to prioritise and take responsibility for care delivered</p> <p>Utilising appropriate referral pathways to safely care for vulnerable women</p> <p>Developing self-confidence, self-awareness, reflection, personal development planning and an ability to identify personal and professional boundaries to enhance employability.</p> <p>Understanding the requirements for professional compliance with current NMC guidelines.</p>

<b>Co-requisites</b>	<b>Module Code</b>	<b>Module Title</b>

<b>Learning and Teaching</b>
In line with current learning and teaching principles, a 20-credit module includes 200 learning hours, normally including a minimum of 36 contact hours and maximum of 48 contact hours.

This module will be offered using a blended learning approach. A variety of teaching methods and media make sessions as interesting and engaging as possible. Core lectures will lay the foundation for learning, complimented by planned tutorials and asynchronous online or class activities.

To promote inclusiveness and flexibility, anticipatory adjustments have been made to teaching, learning strategies and assessment. Further reasonable adjustments can be made for students who have been assessed as requiring specific adjustments or disability support in either the academic setting or in clinical practice placement environments

<b>Learning Activities</b>	<b>Student Learning Hours</b>
During completion of this module, the learning activities undertaken to achieve the module learning outcomes are stated below:	(Note: Learning hours include both contact hours and hours spent on other learning activities)
Lecture / Core Content Delivery	30
Asynchronous Class Activity	30
Tutorial / Synchronous Support Activity	6
Independent Study	134
n/a	
n/a	
<b>TOTAL</b>	<b>200</b>

### Indicative Resources

**The following materials form essential underpinning for the module content and ultimately for the learning outcomes:**

**(N.B. Although reading lists should include current publications, students are advised (particularly for material marked with an asterisk\*) to wait until the start of session for confirmation of the most up-to-date material)**

### **Attendance and Engagement Requirements**

**In line with the [Student Attendance and Engagement Procedure](#), Students are academically engaged if they are regularly attending and participating in timetabled on-**

campus and online teaching sessions, asynchronous online learning activities, course-related learning resources, and complete assessments and submit these on time.

**For the purposes of this module, academic engagement equates to the following:**

Within this module, students are expected to attend for at least 75% of the synchronous core teaching activities to be assessed

### Equality and Diversity

**The University's Equality, Diversity and Human Rights Procedure can be accessed at the following link: [UWS Equality, Diversity and Human Rights Code](#).**

Module content reflects societal diversity and a rights-based approach to midwifery practice. To promote accessibility, anticipatory adjustments have been made to teaching and learning strategies and assessment. Further reasonable adjustments can be made for students who have been assessed as requiring specific adjustments.

**(N.B. Every effort will be made by the University to accommodate any equality and diversity issues brought to the attention of the School)**
