Module Descriptor

Title	Advanced Perioperative Practice		
Session	2026/27	**Status**	Published
Code	NURS09240	**SCQF Level**	9
Credit Points	80	**ECTS (European Credit Transfer Scheme)**	40
School	**Health and Life Sciences**		
Module Co-ordinator	Kirsty Ferrie		

Summary of Module

This work-based module aims to consolidate the apprentice's understanding of values-based practice and to demonstrate the completion of skill competencies required to deliver safe, person-centred care to individuals within the perioperative context.

Linking with the Occupational Profile, the apprentice will complete a continuous portfolio of scrub, circulating, anaesthetic and post-anaesthetic practice which will comprise module related reflective activities and recording of skills attainment to demonstrate the interrelationship of their theoretical learning to practice. Learners will also undertake a range of advanced perioperative activities within their work placement under the supervision of their named Practice Educator to evidence achievement of the Standards of Proficiency for Operating Department Practitioners (HCPC, 2023). Evidence of completion of the required competencies, and completion of the Occupational Profile, will be provided by the apprentice through the completion of a portfolio and assessment in practice.

Apprentices will also explore theory topics such as specialist anaesthesia services and the role of the surgical first assistant, relating these topics to clinical practice to consolidate learning.

The graduate attributes gained in this module include becoming autonomous, emotionally intelligent and a leader.

Module Delivery Method	**On-Campus[1]**	**Hybrid[2]**	**Online[3]**	**Work -Based Learning[4]**
	☐	☐	☐	☒

[1] Where contact hours are synchronous/ live and take place fully on campus. Campus-based learning is focused on providing an interactive learning experience supported by a range of digitally-enabled asynchronous learning opportunities including learning materials, resources, and opportunities provided via the virtual learning environment. On-campus contact hours will be clearly articulated to students.

[2] The module includes a combination of synchronous/ live on-campus and online learning events. These will be supported by a range of digitally-enabled asynchronous learning opportunities including learning materials, resources, and opportunities provided via the virtual learning environment. On-campus and online contact hours will be clearly articulated to students.

[3] Where all learning is solely delivered by web-based or internet-based technologies and the participants can engage in all learning activities through these means. All required contact hours will be clearly articulated to students.

[4] Learning activities where the main location for the learning experience is in the workplace. All required contact hours, whether online or on campus, will be clearly articulated to students

Campuses for Module Delivery	☐ Ayr ☐ Dumfries		☐ Lanarkshire ☐ London ☐ Paisley		☒ Online / Distance Learning ☐ Other (specify)

Learning Outcomes	
L1	Demonstrate evidence achievement of Occupational Profile.
L2	Reflect on the effectiveness of the care delivered within a multiprofessional team.
L3	Demonstrate an ability to perform a range of advanced perioperative skills to ensure the delivery of safe and effective evidenced-based care.
L4	Apply appropriate professional attitudes, values and behaviours to achieve effective communication with service users and the multi-disciplinary team.
L5	Demonstrate a critical understanding of the healthcare needs that affect service users within perioperative settings.

Employability Skills and Personal Development Planning (PDP) Skills	
SCQF Headings	**During completion of this module, there will be an opportunity to achieve core skills in:**
Knowledge and Understanding (K and U)	**SCQF 9** Implementing values-based, person-centred care for people of all ages. Increasing knowledge of the role of the Operating Department Practitioner that is informed by evidence. Recognising the professional, ethical and legal frameworks underpinning Operating Department Practice. Using reflection to evaluate and inform clinical practice.
Practice: Applied Knowledge and Understanding	**SCQF 9** Under supervision, working within the professional, ethical and legal frameworks underpinning perioperative practice. Practising collaborative working within the perioperative environment during work placement. Utilising a range of interpersonal skills.
Generic Cognitive skills	**SCQF 9** Demonstrating knowledge and understanding of the scope of professional practice. Employing problem-solving and decision-making skills. Reflecting on and evaluating evidence-based solutions to care in the perioperative context.

Communication, ICT and Numeracy Skills	**SCQF 9** Utilising a range of verbal, non-verbal and written communication skills. Demonstrating effective listening skills, empathy and respect for service users and colleagues. Comprehending the information and ideas discussed within the module in a logical form. Utilise a range of digital technologies and systems to achieve your study, work, and life goals.
Autonomy, Accountability and Working with Others	**SCQF 9** Working within the professional, ethical and legal frameworks underpinning operating department practice. Demonstrating initiative in the application of person-centred assessment. Developing autonomous practice in the role of the Operating Department Practitioner while acknowledging limitations of knowledge and competence.

Co-requisites	**Module Code**	**Module Title**

Learning and Teaching	
In line with current learning and teaching principles, a 20-credit module includes 200 learning hours, normally including a minimum of 36 contact hours and maximum of 48 contact hours. Apprentices will practice in a variety of perioperative contexts and will be supported by a Practice Educator. Apprentices will gain knowledge from all members of the interprofessional team as well as service users. Apprentice's learning will also be supported with online materials and academic support sessions.	
Learning Activities During completion of this module, the learning activities undertaken to achieve the module learning outcomes are stated below:	**Student Learning Hours** (Note: Learning hours include both contact hours and hours spent on other learning activities)
Tutorial / Synchronous Support Activity	96
Work-based Learning	528
Personal Development Plan	16
Independent Study	160
n/a	
n/a	
TOTAL	800

Indicative Resources

The following materials form essential underpinning for the module content and ultimately for the learning outcomes:

World Health Organization (2009) Safe Surgery Saves Lives. WHO: Geneva.

(N.B. Although reading lists should include current publications, students are advised (particularly for material marked with an asterisk*) to wait until the start of session for confirmation of the most up-to-date material)

Attendance and Engagement Requirements

In line with the Student Attendance and Engagement Procedure, Students are academically engaged if they are attending and participating in all timetabled programme activities including on-campus and online teaching sessions, asynchronous online learning activities, placement, work-based elements, course-related learning resources, and complete assessments and submit these on time.

For the purposes of this module, academic engagement equates to the following:

Apprentices's will engage with the module by attending all scheduled synchronous tutorials and participating with all delivered elements of their programme of study. Apprentices must also attend their work-based placement, in line with the requirements of their NHS Employer.

Equality and Diversity

The University's Equality, Diversity and Human Rights Procedure can be accessed at the following link: UWS Equality, Diversity and Human Rights Code.

In line with current legislation (Equality Act, 2010) and the UWS Equality, Diversity, and Human Rights Code (UWS Equality, Diversity and Human Rights Code.), our modules are accessible and inclusive, with reasonable adjustment for different needs where appropriate. To promote inclusive practice, procedures and processes have been subject to Equality Impact Assessment where appropriate. In line with the Equality Act 2010 and UWS Refreshed Equality Outcomes 2021 - 2025 Public Sector Equality Duty Mainstreaming and Equality Outcomes Report 2021 the School of Health and Life Sciences encourages the disclosure of support requirements, including disability, at the recruitment stage and throughout the

duration of the module. Emphasis is placed on confidentiality of information the benefits of disclosure and that no detriment to progress will be experienced. The School will endeavour to make reasonable adjustments to teaching and learning approaches and arrangements for assessment, and (when applicable) periods of placement, where appropriate. All learning materials, activities and scenarios will utilise a diverse range of patients to reflect the diversity of students. Professional programmes have Standards of Proficiency which detail the knowledge, skills and understanding required to be met to permit professional registration to be able to practise safely and effectively in the profession. As an education provider for this professional programme, UWS is not able to adjust these standards. However, we can make reasonable adjustments to assist students in meeting these standards.
(N.B. Every effort will be made by the University to accommodate any equality and diversity issues brought to the attention of the School)

Assessment (also refer to Assessment Outcomes Grids below)
Assessment 1
Class test (written) - Online 1.5-Hour Multiple-Choice Quiz (MCQ) Apprentices will be required to sit a 1.5-hour online multiple-choice question exam covering topics related to scrub, circulating, anaesthetic and recovery practice. Minimum pass mark: 40%. 50% weighting.
Assessment 2
Portfolio of Written Work - Reflective Activities Apprentices will be required to evidence engagement with reflective activities. Pass mark: 40%. 50% weighting.
Assessment 3
Portfolio of Practical Work - Occupational Profile Apprentices will be required to submit evidence of their final sign off for competence of all Work-Based Situations within the Occupational Profile.

0% weighting.
(N.B. (i) Assessment Outcomes Grids for the module (one for each component) can be found below which clearly demonstrate how the learning outcomes of the module will be assessed. (ii) An indicative schedule listing approximate times within the academic calendar when assessment is likely to feature will be provided within the Student Module Handbook.)
