deemed to be equivalent.

### 16 General Overview

Aims and Objectives

Acquire and demonstrate an understanding of the foundations and basic principles of modern business. Enable the students to develop a core skills set that will enable study at a higher education level. Develop and demonstrate an understanding of English Language suitable to undertake undergraduate study.

General Description of the Programme

The International Foundation Programme (Business) offers you, as a student, an opportunity to study towards a qualification which has been developed to ensure its aims are aligned with the needs of the international student market and the wider international business community. The Programme helps develop the range, knowledge and skills that are a prerequisite of students entering undergraduate study. The full -time programme lasts either two or three trimester depending on your English language skills. The standard Business areas, such as Business Management, Business Sectors, HRM, Marketing, and Finance, are included in the Programme, along with English language and study skills. The programme uses a range of teaching, learning and assessment methods which ensure the learning outcomes are achieved. On completion of the programme, the student may choose to study at Under-Graduate level.

# Graduate Attributes, Employability & Personal Development Planning

Across the programme of study, the Personal Development Planning (PDP) process gives the opportunity for engagement of students with a set of core activities, which include:

- reflection on personal attributes and goals;
- the identification/development of learning;
- opportunities to reflect on this material and to gain feedback;
- learning and career development (such as CVs);
- maintaining an effective PDP record.

PDP in the programme will be associated with the following core modules.

Study Skills 1

This is a Foundation programme and as such only some of the UWS graduate attributes will be embedded into the programme.

As a UWS student, once your course is complete you will be:

 Universal - globally relevant with comprehensively applicable abilities, skills and behaviours

 Work ready - dynamic and prepared for employment in complex, ever-changing environments which require lifelong learning and resilience • Successful - as a UWS student with a solid foundation on which to continue succeeding and realising my potential, across various contexts Through studying and graduating from UWS, you will develop attributes across three dimensions: Academic – knowledge, skills and abilities related to high-level academic study Personal – qualities and characteristics of well-rounded, developed, responsible individuals Professional – skills, aptitudes and attitudes required for professional working life in the 21st Century The underpinning attributes are developed through the key skills and competencies you will learn as part of your programme 18 Work Based Learning/Placement Details N/A 19 **Attendance and Engagement** In line with the Student Attendance and Engagement Procedure, Students are defined as academically engaged if they are regularly engaged with timetabled teaching sessions, course-related learning resources including those in the Library and on the VLE, and complete assessments and submit these on time. For the purposes of this programme, academic engagement equates to the following: Attending all requird classes and engaging with all required work. 20 **Equality and Diversity** The University's Equality, Diversity and Human Rights Procedure can be accessed at the following link: UWS Equality, Diversity and Human Rights Code. Please detail any specific arrangements for this programme. This should be considered and not just refer the reader to the UWS Equality and Diversity policy.

Programme structures and requirements, SCQF level, term, module name and code, credits and awards ( <u>Chapter 1, Regulatory Framework</u> )

21	Learning Outcomes		
	Outcomes should incorporate those applicable in the relevant QAA Benchmark statements.		

Please ensure that Learning Outcomes are appropriate for the level of study. Further information is available via SCQF: <a href="https://scqf.org.uk/support/support-for-educators-and-advisers/support-for-colleges-heis/">https://scqf.org.uk/support/support-for-educators-and-advisers/support-for-colleges-heis/</a> and a Level Descriptors tool is available (<a href="SCQF Level">SCQF Level</a> Descriptors Tool | Scottish Credit and Qualifications Framework) and ensure appropriate cognisance of Chapter 1, Regulatory Framework.
