#### **General Overview**

The BA (Hons) Business with Marketing programme is one of 4 pathways that share a common framework at Levels 7 and 8, as well as a common Research Design & Methods module at Level 9 and a Dissertation/Project module at Level 10.

Students studying a degree in any of the pathways (Business, Human Resources, Finance or Marketing), will follow a common framework at Levels 7 and 8, ensuring a broad range of contextualised business subject areas are explored, providing a robust 'foundational knowledge, skills and competencies that bridge and bond for future studies. Moving to Levels 9 and 10 students will follow a specialist pathway of their choice. Each pathway is developed around a common business framework, but each pathway offers its own distinct core modules which will differentiate them from each other. A key component of the Marketing pathway is that it will offer professional body accreditation. Other pathways will allow students to gain either an accredited body qualification or the opportunity to claim exemption(s) from key institute examinations. The programme also benefits students by having a Digital / AI theme embedded across all levels, ensuring students are kept up to date with advancements in transformational technologies that are revolutionising how we work, learn and live. This digital skillset is contextualised to your chosen pathway.

On completion of an Honours degree, graduates may follow a variety of routes at post-graduate level both within the University and elsewhere. Many may pursue professional qualifications in their chosen specialist area of study.

Modules explore current issues that impact the world we live in e.g., sustainability, green consumption, poverty, social corporate responsibility, ethics and leadership etc. As such the programme is proud to embed UN SDGs throughout our modules.

Our study content and assessments will normally offer a blend of lectures, tutorials, presentations, practical sessions, or/and workshops. Assessment methods include academic essays, formal reports, seminar discussion and debates, digital profiles, digital content creation and preparation of business and project plans, research projects and more. Both educational content and assessments are aligned with industry requirements, focusing on developing skills that will help students take practical, digital and higher order skills in industry.

The BA (Hons) Business with Marketing programme offers students the opportunity to customise their studies to align with their career ambitions. Accredited by the Chartered Institute of Marketing (CIM), this programme provides a pathway toward CIM qualification, enhancing students' professional standing in marketing.

Throughout the course, students will engage in core business and specialised marketing modules designed to build a strong foundation in both fields. Subjects include include Introduction to Marketing, Introducing People Management, Entrepreneurial Thought and Action, Foundations of AI in Business, Global Marketing, Contemporary Consumer Behaviour, Digital Marketing and Analytics, Marketing Communications Mix, Marketing Strategy Theory, Brands and Branding, and many more.

The programme is designed to equip students with specialised skills and up-to-date knowledge to thrive in the marketing sector, making them competitive in the graduate employment market. University of the West of Scotland (UWS) collaborates with local and national organisations, ensuring that teaching and assessments reflect current industry challenges. Through real-world case studies and critical-thinking exercises, students gain hands-on experience in addressing contemporary marketing issues, preparing them for success in dynamic business environments.

Note: Students on this programme may not be eligible for compensation in certain modules due to accreditation requirements of the Chartered Institute of Marketing (CIM)

#### Typical Delivery Method

The BA (Hons) Business with Marketing programme is delivered on campus, providing an immersive and engaging learning environment. Full-time students can expect to have 3 hours of contact time per module each week, with three modules typically taken each term. This structure allows students to build strong foundational knowledge and engage with course content in depth, supported by face-to-face interactions with faculty and peers. The oncampus delivery ensures students benefit from a collaborative learning experience and immediate access to campus resources, enhancing their understanding and application of key business and marketing concepts.

#### Any additional costs

#### **Graduate Attributes, Employability & Personal Development Planning**

Learning outcomes throughout the programme have been designed to ensure that, in addition to the development of knowledge and understanding of the business and its components, students will have the opportunity to develop these skills and attributes that are most valued by employers. The programmes have employability embedded into the core curriculum, thereby ensuring that all students are exposed to the development of their key skills and have the opportunity to reflect on their own personal development. Employability skills development is continually reinforced throughout the programme.

While PDP is embedded into the curriculum, it is also proposed that Personal Development Planning should be supported by students reflection on key points within the programme. A diagnostic on-line toolkit will be used to enable students to self diagnose abilities in areas such as numeracy, languages, study skills, writing skills, time management skills etc.

#### **Work Based Learning/Placement Details**

There are no formal arrangements for work-based learning and/or placement opportunities currently embedded into the programme. However, we do list or share relevant opportunity information on the programme site and support our students in obtaining relevant work experience. Our teaching team are actively involved in KTP projects and students have opportunities to engage with practical assessment and consultancy experience working with real live industry clients across pitching real ideas and real solutions to current marketplace issues.

#### **Attendance and Engagement**

In line with the <u>Student Attendance and Engagement Procedure</u>, Students are academically engaged if they are regularly attending and participating in timetabled on-campus and online teaching sessions, asynchronous online learning activities, course-related learning resources, and complete assessments and submit these on time.

For the purposes of this programme, academic engagement equates to the following:

Students should also reference the 'BCI Guidance on Implementation of the Revised Student Attendance and Engagement Procedure' which details the School attendance and engagement requirements and how this will be monitored for attendance.

#### **Equality and Diversity**

The University's Equality, Diversity and Human Rights Procedure can be accessed at the following link: <u>UWS Equality, Diversity and Human Rights Code.</u>

The subject area and teaching / delivery approach supports the principles of EDI. To meet the diverse needs of our student body, we are dedicated to adapting learning experiences where

required. This personalised approach and innovative use of technology ensures that all students can succeed, regardless of their background or circumstances.

#### **Criteria for Progression and Award**

Please refer to <u>UWS Regulatory Framework</u> for related regulations

To progress to the next level of study (i.e. SCQF level 8), students are expected to complete the full 120 credit points each year. However, a student who has not earned passes in up to 40 credits points-worth of modules may be allowed to progress to the next level of study 'with deficit' in accordance with reg. 3.13 of UWS Regulatory Framework.

In line with reg. 1.21 of the UWS Regulatory Framework, students who complete 120 credit points at SCQF Level 7, including all core modules at this level, will be eligible for a Certificate of Higher Education (CertHE) in Business exit award. Students who complete 120 credit points at SCQF Level 7 without completing at least one core module at that level, will be eligible for a Certificate of Higher Education (CertHE) in Combined Studies exit award (see reg. 1.61 of the UWS Regulatory Framework). Awards shall be made with distinction in line with regs. 3.25-3.26 of the UWS Regulatory Framework.

For further information, please refer to the UWS Regulatory Framework and the Student Experience Policy Statement.

#### Level 10

#### **Criteria for Award**

#### Please refer to <u>UWS Regulatory Framework</u> for related regulations

In line with reg. 1.21 of the UWS Regulatory Framework, students who complete 480 credit points, including at least 90 credits points at SCQF Level 10 or above, including all core modules at this level, will be eligible for a Bachelor's Degree with Honours (BA (Hons)) in Business with Marketing exit award. Students who complete 480 credit points, including at least 90 credits points at SCQF Level 10 or above, without completing at least one core module at this level, will be eligible for a Bachelor's Degree with Honours (BA (Hons)) in Combined Studies exit award (see reg. 1.61 of the UWS Regulatory Framework). Awards shall be made with distinction in line with regs. 3.25-3.26 of the UWS Regulatory Framework.

For further information, please refer to the UWS Regulatory Framework and the Student Experience Policy Statement.

#### **Regulations of Assessment**

Candidates will be bound by the general assessment regulations of the University as specified in the <u>University Regulatory Framework</u>.

An overview of the assessment details is provided in the Student Handbook and the assessment criteria for each module is provided in the module descriptor which forms part of the module pack issued to students. For further details on assessment please refer to Chapter 3 of the Regulatory Framework.

To qualify for an award of the University, students must complete all the programme requirements and must meet the credit minima detailed in Chapter 1 of the Regulatory Framework.

#### **Combined Studies**

There may be instances where a student has been unsuccessful in meeting the award criteria for the named award and for other more generic named awards existing within the School. Provided that they have met the credit requirements in line with the SCQF credit minima (please see Regulation 1.21), they will be eligible for a Combined Studies award (please see Regulation 1.61).

For students studying BA, BAcc, or BD awards the award will be BA Combined Studies.

For students studying BEng or BSc awards, the award will be BSc Combined Studies.
